Brief Details.

I was travelling towards parkway parade after picking my girl from ngee ann primary school. My two girls aged 5 and 7 were in car with me. Traffic light turned red at junction of marine parade rd and still rd south outside tao nan primary. I stopped. i was in extreme left lane, first car to stop at traffic light. pedestrians crossed rd in front of my car as seen in dash cam. cars going towards ecp from still rd south also passed along. Lights turned green, and i moved ahead straight. Suddenly, motorcycle ran perpendicular to my car from right at speed (i think was turning right towards ecp). my left side of car hit bike and i saw bike and bike and pillion rider fly. I screamed and immediately stopped. I had no time to brake and was caught by surprise by motorbike that suddenly appeared. I went out of car to check on rider and pillion and offered help. another car driver who stopped helped to call ambulance. One other pedestrian helped. Pillion rider got up to check on rider. Pillion rider said she was ok but can see right jaw swollen. both conscious but rider in pain. complained of pain on left leg. there as some bleeding from leg and on her jaw. I took umbrella from car to shade rider who was lying on ground and helped to pick up access card of pillion rider. I waited for police to arrive. I checked car camerabut the moment that impact was made was not captured as clip was transitioning. I passed access card to police who took my particulars and advised me to make police report.
