**Brief Details.**

My vehicle SMK7770C was stationery 0km/hr, at the cross junction (Red Light). When I felt an heavy impact from the back. I took out my handphone and step out to check what had happened. I managed took a video of the vehicle SMQ8950L who collided into my vehicle from the back. A male chinese male estimated to be in early 30s was driving the car. I asked what happen, he just kept saying sorry. I started to feel an extreme sudden shooting pain around the back of my neck and lower back. I told him to wait while i call ambulance and went back into my car to call 995 and 999 for assistance. While i was on the phone, i saw from the rear mirror that he was trying to change lane. I tried to step out of my car and gestured to him to stop but he sped off. SCDF and SPF arrived shortly and i was conveyed to KTPH for further investigation. Was discharge thereafter with 3 days MC.
