Brief Details.

On the above mentioned date and time, I was riding my motorcycle (FBS5001R) at PIE just before Exit 22.

I was riding my motorcycle on the third lane. There was a taxi in front of me (SHA5105Z). I wanted to overtake the taxi so I change lane to the fourth lane. While I was changing lane, the taxi signaled and change to the fourth lane at the same time. I did not manage to stop in time and collided to the rear of the taxi. I fell off my motorcycle and the taxi driver stopped and checked on me. I suffered abrasions on my arms and legs and my knees are swollen. We then went to the chevron markings to make a check on our vehicles. EMAS then passed by and escorted us to a safer place to exchange particulars. I made a check on my motorcycle and there were damages on my motorcycle but does not need to be towed away. I managed to exchanged particulars with the other party and we both left. I wish to note that the taxi driver admitted to me that it was his fault.

On the 09/03/2022 at about 0030hrs, I went to RafflesMedical to make a check on my injuries. I received 7 days MC from 09/03/2022 to 15/03/2022 and is being referred to a specialist to check on my injuries.

Brief Facts.

I have lodged a traffic accident report T/20220309/2039 and also amend some part of the report and reflected it in report T/20220309/2056. I contacted my insurance company who then sent a rider that assisted me to file my accident statement. He came to check on my motorcycle and he informed me that one of the details I provided does not tally with the footage of the incident. I then rewatched the footage and discovered one of the sentence did not tally with the details I gave. I wish to note that I was traumatized due to the accident.

On top of the amendment I made in report T/20220309/2056, I want to make another amendment for report T/20220309/2039. I would like to amend the sentence "While I was changing lane, the taxi signaled and change to the fourth lane at the same time." to "I had already changed to the fourth lane from the third lane and was already fully in the lane. While I was in the fourth lane, the taxi signaled and changed to the lane I was in at the same time abruptly. All these was captured in the footage." The rest of the details remain unchanged. That is all.
