On 02/08/2022 at about 2255hrs, I was driving a Taxi bearing registration number SHB4751J along TPE(SLE) towards Punggol. I was driving straight into Punggol Road and I felt uneasy as I saw something through my rear view mirror and I stopped my vehicle and discovered one motorbike bearing FBF3728J collided onto my vehicle. I saw the rider and pillion was on the ground and the passerby assisted to call for ambulance and subsequently both of them were conveyed to the hospital. Traffic police was at scene and advised me to lodge a police report and my in car camera SD was seized for investigation purpose.

I wish to state my vehicle sustained dents and scratches on the right bumper.

Brief Details.

The rider of the motorcycle I was on had already made a report. I was asked by my lawyer to make a report of my own. As I was mostly unconscious after the accident, I am basing my report on his initial report:

We were riding along TPE towards SLE at 80km/h, as we were exiting to Punggol Road. Right before bus stop no. 65191, a taxi (SHB4751J) swerved right onto our lane aggressively over chevron marking. He did not have the distance to brake in time causing him to rear-end the said taxi. We were thrown forward and we landed on the road.
