Hi, please be informed that the vehicle which was towed yesterday was GBE3559K. but the driver came and reported today was for GBF 4557D. It was reported wrongly, I guess. I am unable to submit the report due to the information provided was incorrect.

Kindly revert.

Thank you.

Hi, just now your driver Mr. Khor Cha Hock came to do the accident reporting for GBF4557D but there seems to be a misunderstanding and I just got to know the accident vehicle which is GBF4557D was not present. There was a vehicle yesterday that was towed is yesterday, but it was not your vehicle. I need GBF4557D to be here for me to take the picture and send to the insurance for the accident report submission.

Or else I am unable to submit the report today.

I have been calling your boss -9368 6878 and the driver -91776660 but they are not picking up.

Kindly assist

Thank you.
