Dear Ms Chew

This is a follow-up from the phone conversation we had earlier this evening of which you were very helpful in giving advice.

Firstly, I would like to clarify that the car SMN 5572E was not driven by my wife, Annie Tan hoon Choo, on the 14/05/2023 during the time of the incident at 22:30h.

However it was driven by my son with the consent and awareness of my wife.

My son is nowt overseas for his studies and when I managed to contact him today, he explained that he did not file any accident report because he thought that it was just a side by side brush with the car(taxi) and not a serious issue.

As advised by you, I will ask him to submit a report of the incident so that we can send it to the Insurance Company (Allianz), as well as his copy of IC and Driving Licence. Do let me know how this report needs to be written and sent in?

I have also sought your kind understanding that both my wife and I will be away overseas from Thursday 1st June to 18 June. On our return, my wife and I will then expedite the report to the workshop.

Do kindly advise me on any other things I have overlooked. I hope you can attach the list of Allianz Authorised Workshops in your reply too.

Much thanks again
Mr Nonis Gerard
