Brief Details.

Pls refer to map above. I was driving along upp serangoon road towards potong pasir MRT station. As all vehicles at the opposite side have stopped at the traffic light (after Bidadari Park Drive), I slowed down to make a u-turn (before woodleigh close) to the opp road towards woodleigh close. There is a big yellow box junction just after the u-turn. As I was making the u-turn, the vehicles at the traffic light have just started to move. As there was a motorcycle moving quite fast on the first lane (next to pavement), I stopped at the yellow box junction on the second lane to let it pass. After I stopped and the motorcycle went pass me, another motorcycle hit my car at the rear on the second lane. The back of the car was damaged (see photo). The motorcycle and the rider fell at the yellow box junction (see photo). The front of the motorcycle was damaged (see photo). An ambulance was called as the rider's hand was swollen. No other injuries. Rider was able to walk to the ambulance after his hand was bandaged by the medic. The photos taken are attached.
