Dear Mr. Yap,

We refer to the above captioned matter.

As spoken, M/S LKK Auto Consultants Pte Ltd. will be the main contact person to manage the claim moving forward. I have looped them in this email.

Having assessed all available information (includes video footage), we are of the view that we do not have a strong basis to reject the said claim in totality as you have exit from a minor road to major road at the material time.

We also enclosed herewith a scenario extracted from the Motor Claim Framework, BOLA 9. It serves as a guide to the application for the apportionment of liability.

		X	Y
	<b>T-JUNCTION</b>		
9.		Vehicle X – Turning into Main Road Vehicle Y – Moving Straight Ahead  <b>Reason:</b> Traffic on main road has precedence	100% 0%

However, if you do have any additional material information that will enable us to pin greater liability on the other party, we would appreciate if you could furnish the same to us for our further consideration.

Please do not hesitate to contact me/them should you have any further queries on the matter.

Aside to @Hsiao Tong (LKKAuto)

As spoken, please follow up closely and update with Mr. Yap via email once you have all the information on hand.

Thank you.
