Describe Circumstance of the Accident

I was travelling along a major road near Beauty World highway and after turning in from highway, I was supposed to turn into rifle range but slightly overshoot and quickly turned in but car hit the edge of the curb where there was an arrow sign and my brake malfunctioned and hit the railing opposite side of road before coming to a stall. I don't know if the brake signal that sometimes popped up was the cause though I had consulted a repair workshop about it at AV village and they said nothing was wrong so I took for granted this time also it should be ok. so I do not know for sure if it was my sharp turn or the brake that malfunctioned that caused this accident.

Declaration

We declare the foregoing particulars are true in every respect.

CONTINUATION OF REPORT

Brief Details.

On 16/06/2023 at about 1240hrs, i drove my vehicle (SLN948A) from my house from Woodlands Drive 53 to Rifle Range Road. When i took my vehicle, the check engine light, ABS light and check brake light was lit on my dashboard however i ignored it as it would show up intermittently previously. On the same day at about 1310hrs, i was turning into Rifle Range Road and i discovered that my brake malfunction and i could not bring my vehicle to a stop. As a result, my vehicle collided into the signage on the center divider and into the railings. As my vehicle was causing a congestion, i moved my vehicle to the side of the road. Due to the damage of my vehicle, i called for towing services. I did not suffer any injuries. No one suffered any injuries at the accident as well.
