No. of Days granted Medical Leave	18	Degree of	Serious

Brief Details.

29th Jun 2021. Around 2045hr.

I was on the way home from work. I was traveling along Tampines Ave 6 towards Tampines Street 61. The road was slippery as it was raining. I was approaching the cross junction between Tampines Ave 6 and Tampines Ave 9. The traffic light was green in my favor to go straight. I saw that a lorry was in a stationery position getting ready to turn right from the opposite side of Tampines Ave 6 into Tampines Ave 9. I notice the lorry has stop almost half way outside the right turn pocket. I slowed down just in case the lorry decide to commit to make the turn. As I approached closer, I see that the lorry was still in a stationery position. I saw that the traffic light was still well in my favor, So I decided to commit to go straight. As I picked up speed, the lorry too started moving to turn. At this point I applied hard intermittent braking to avoid skidding. As the lorry continue to turn, I knew it was too late to do anything but to hope for a minimized impact. I ended up crashing into the lorry's left side panel.

I ended up on the tarmac on my right side with my bike trapping my right leg. I saw that my right ankle was twisted in an awkward position. In shock, I tried to push my bike with my left leg to free my trapped leg. After a few hard push, I managed to released it. As I lay down on the tarmac in pain, some passerby and the lorry driver rendered assistance to me and called the ambulance.

29th Jun 2021. Around 2055hr.

The ambulance arrived at the scene and I was transported to SKH.

29th Jun 2021. Around 2125hr.

I arrived at SKH.
