VICOM LTD
SURVEY REPORT
Annex C: Conclusion

SBS3290K @ 01/06/2023

ASSESSOR'S REPORT

At the place of inspection, we saw this vehicle sustained front, right and left portion damage.

The damages seen during our survey were view mirror rh, front bumper lh, front wheel arch lh, exit door bottom handle lh, battery cover rh, and surrounding areas. A fuller detailed description of the damages is in Annex A of this survey report.

We examined all the front, right and left portion damages and assessed they were from a collision or impact nature.

By cross-referencing with the e-filed report, we were satisfied the damages were consistent with the circumstances of accident as detailed.

ASSESSOR'S RECOMMENDATION

Sbs Transit Ltd - (Bedok Bus Depot) estimated a repair cost of S\$4,695.82. We adjusted it to S\$4,507.82 on a part-by-part basis.

Accordingly, we recommend repairs to this vehicle be carried out on a part-by-part basis at S\$4,507.82.

The repairs would require a period of 3 working days.

We submit our survey report for your kind attention and would add the survey was carried out to the best of our ability, knowledge and experience.

REMARKS

SBS Transit, as owner of a large fleet and having an infrastructure of own workshops to maintain its buses at various depots, would have the parts price at costs. The parts are in the inventory. Correspondingly, the labour charge is actual cost based on man hours expended for the repairs. SBS Transit provides transportation to the general public. The repairs carried out by SBS Transit workshops is not a profit entity.
