Accident Report by Boon Swan Foo S1168274Z Driver of SLM 5543G Mazda 2
 Involving Car SKS 1123 Seat Arona driven by Gregory Teo mobile 91280966
 And perhaps Car SJA 3131J driven by Michael Lok and his wife as passenger Philemone
 Q3 Audi 97565665

Please see attached map

I was driving in smooth traffic after passing the Ophir Road junction traffic light along Beach road about 9.10 pm

The traffic was busy along the rightmost lane and driving at 40-50kmph

Suddenly the car in front of me stopped. I jammed my brakes but could not stop in time

I then ran into Car SKS 1123S driven by Gregory Teo . I later found out that car SJA 3131L was trying to do a U turn just in front

Apparently car SKS1123S ran into SJA 3131J

I am not sure of the sequence as to whether SKS 1123S ran into SJA3131J

Damage to both cars were minimal see photos

I came down and spoke to all 3 of them All were safe and said they suffered no injuries. Gregory Teo then decided to call the police but the police declined to come down after Gregory confirmed with all of us and himself that no one was injured.

After waiting for about 15 minutes all the two cars drove off leaving me to attend to my car

I was able to drive the car to the left side of the road safely and then a pick up truck drove my car to a workshop in Kranji

My view is that the U turn opposite Concord and near Sultan gate is dangerous. Once a car stopped along the flow of traffic it could cause others to back up suddenly especially if there is no signal on the second car following behind ie the first car intending to do the U turn will signal but the second car intending to go straight will not and need not signal but will only tap his brakes. If the first car were to signal or turn late, the second car will then have to stop suddenly hence causing a backward

The U turn should be removed .
