While waiting for the traffic light, I was collided by the lorry(GBF3873Y) from the back that was also waiting for the traffic light. I went out after the collision to find out what had happened. The driver of the lorry told me that there was another lorry(YN7954G) which had collided with him which forced his vehicle to collide to my vehicle. The driver of YN7954G told me that he was driving 40-50km/hr and was unable to brake in time which resulted to the collision. One of the drivers called the police for assistance and police came at about 0935hrs. Officers checked on all parties involved and called an ambulance for driver YN954G as he suffered from chest pain and required medical assistance. While
