Brief Details.

At the time of incident, I was driving my car as a private hire driver under the Grab platform. There was 06 passengers in my car.

At the traffic junction of river valley road (left turn to hoot kiam road), it was red light and i stopped my car in lane 2 (straight and left turn lane). Car SLG9648T was on my left in lane 3 (left turn only lane).

When the light was green, i checked my blind spot on the left and turn left. As i know there was a car on my left, i tried to make a wider left turn. However the car SLG9648T suddenly tried to go straight or make a wider turn than my car, i cannot steer away in time and SLG9648T banged my car on the left side.

We stopped by the road side to exchange particulars.
